Paul Mitchell The School North Haven

FIELD TRIPS

Students may have the opportunity to participate in instructor-approved educational field trips at designated points during their classroom training. These experiences are intended to enhance the curriculum by providing exposure to professional environments and learning opportunities that cannot be replicated in the classroom.

Students will receive advance notice of all scheduled field trips. A signed field trip permission form is required prior to participation.

To be eligible to participate, students must be in good academic standing, attendance must be 85% or above, remain current on all financial obligations to the school, and maintain good conduct, as determined by the school.
