Paul Mitchell The School North Haven

INSTRUCTIONAL TECHNIQUES AND METHODS

Programs are provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation and job entry level skills. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative and productive career oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips, distance learning, and other related learning methods are used in the course.

In order to enroll in the hybrid program of study, the student must have the following hardware, software, and network requirements.

- Apple iPad
- High-Speed Internet Requirement: 20 Mbps upload and 20 Mbps download
- Milady MindTap
- Safari or Goggle Chrome
- Zoom
